In this table 0,1, 2 are rounded to 0. All other numbers are rounded up or down to the nearest multiple of 5. Percentages are suppressed and shown as "." if they are calculated on a population which contains 52 or fewer individuals.

The total UK percentages are not shown because the denominator excludes unknown and Guernsey, Jersey and the Isle of Man.

None of the tables presented should be interpreted without reference to the Notes to Editors and Definitions provided.
