Reason Required	To distinguish between higher education and non-higher education qualifications and also between different undergraduate, postgraduate taught and postgraduate research qualifications.																										
Notes	<p>The coding frame is based on that used for Course.COURSEAIM in the HESA individualised student record. Within this coding frame the first letter indicates level; further detail is provided through a two-digit suffix. For this return coding by first letter is sufficient. There is no requirement for the two-digit suffix to provide a further detailed breakdown.</p> <p>Overall framework and alignment with existing frameworks.</p> <p>The most relevant are the UK frameworks. For England, Wales and NI the HE qualifications framework identifies five levels (C, I, H, M, D) and these are aligned with the NVQ levels 4 to 8. The Scottish Credit and Qualifications Framework (SCQF), which is not HE-specific, is aligned with this except that the lower boundary of Scottish Level 7 is apparently slightly lower than the lower boundary of Level C / NVQ 4 (this is the lower cutoff for what may be regarded as HE in England and Wales, but, significantly, Scottish Advanced Highers fall into Level 7), and Level I /NVQ 5 is split into two levels in Scotland, Level 8 and 9.</p> <p>The ISCED framework is used for international reporting, and four levels within it are relevant, Levels 4, 5B, 5A and 6. The Bologna framework for European HE harmonisation is still in process of development, but the current state may be summarised as recognising four levels: short-cycle, first-cycle, second-cycle, and third cycle.</p> <table border="1" style="width: 100%; border-collapse: collapse; text-align: center;"> <thead> <tr> <th style="border: 1px solid black;">HESA</th> <th style="border: 1px solid black;">SCQF</th> <th colspan="2" style="border: 1px solid black;">E/W/NI HE</th> <th style="border: 1px solid black;">NVQ HE</th> <th style="border: 1px solid black;">ISCED</th> <th style="border: 1px solid black;">BOLOGNA</th> </tr> </thead> <tbody> <tr> <td style="border: 1px solid black;">D</td> <td style="border: 1px solid black;"></td> <td style="border: 1px solid black;"></td> <td style="border: 1px solid black;">Research</td> <td style="border: 1px solid black;">N/A</td> <td style="border: 1px solid black;">6</td> <td style="border: 1px solid black;"></td> </tr> <tr> <td style="border: 1px solid black;">E</td> <td style="border: 1px solid black;">12- Doctorates</td> <td style="border: 1px solid black;">D - Doctoral degree</td> <td style="border: 1px solid black;">Taught</td> <td style="border: 1px solid black;">8 - Highly specialist Diploma from a professional body</td> <td style="border: 1px solid black;">5A</td> <td style="border: 1px solid black;">Third cycle</td> </tr> </tbody> </table>						HESA	SCQF	E/W/NI HE		NVQ HE	ISCED	BOLOGNA	D			Research	N/A	6		E	12- Doctorates	D - Doctoral degree	Taught	8 - Highly specialist Diploma from a professional body	5A	Third cycle

Description	This field defines the arrangements under which overseas programmes are provided.
Applicable to	England NI Scotland Wales
Coverage	All records
Base Data Type	TYPECodeType
Field Length	1
Part Of	Provision
Minimum Occurrences	1
Maximum Occurrences	1
Reason Required	To distinguish between the different arrangements under which overseas programmes are provided.
Notes	<p>Codes 1-3 are to be used for students who are registered at the reporting institution.</p> <p>"Registered" for the purposes of HESA's data collection is to be interpreted as being identical to the definition of registered adopted by each institution's Funding Council.</p> <p>"Overseas" for the purposes of HESA's data collection means outside of the UK. The Channel Islands and Isle of Man are not part of the United Kingdom.</p> <p>"UK HEI award" and "award of the reporting institution" include cases where awards are joint awards of UK HEI and overseas partner organisation(s).</p> <p>Codes 1 and 2. In this context "Overseas campus" means a campus purporting to belong to the reporting institution; a campus set up as a branch campus of the parent institution. As such it is seen as no different from any other campus of the institution. In some cases a commercial partner may actually own the physical structure. However where the reporting institution effectively owns and manages the intellectual operation, this is regarded as an overseas campus of the reporting institution.</p> <p>Code 2. Included in this type would be collaborative provision with an overseas partner organisation(s), some types of collaborative provision are sometimes described as 'franchised' provision, consortia and joint award arrangements. Collaborative provision denotes educational provision leading to an award of an awarding institution delivered and/or supported and/or assessed through an arrangement with a partner organisation. This approach is in line with the QAA Code of practice (for the assurance of academic quality and standards in higher education, Section 2: Collaborative provision and flexible and distributed learning - September 2004).</p> <p>Not included under Code 2 is distance, flexible and distributed learning provision which should be returned under Code 3.</p> <p>Code 3. "Distance, flexible and distributed learning" denotes educational provision</p>

	<p>leading to an award of an awarding institution delivered and/or supported and/or assessed through means which generally do not require the student to attend particular classes or events at particular times and particular locations. This approach is in line with the QAA Code of practice (for the assurance of academic quality and standards in higher education, Section 2: Collaborative provision and flexible and distributed learning - September 2004).</p> <p>Distance learners overseas. There are a small number of distance learning students studying outside the UK who are funded - e.g. Crown servants overseas and the Services. For these students a full individualised record is needed. All other distance learning students studying outside the UK should be included in the Aggregate return for students studying wholly overseas.</p> <p>Codes 4 or 5 should be used where students are not registered students of the reporting institution but are studying overseas for awards of the reporting institution.</p> <p>Students studying under articulation arrangements but who do not meet the criteria of being either registered with the reporting institution or studying for an award of the reporting institution are not included in the Aggregate return.</p>

UK Provider Reference Number

Short Name	UKPRN
Type	field
Description	This field records the UK Provider Reference Number which is the unique identifier allocated to institutions by the UK Register of Learning Providers (UKRLP) .
Applicable to	England NI Scotland Wales
Coverage	All institutions
Base Data Type	UKPRNType
Field Length	8
Part Of	Institution
Minimum Occurrences	1
Maximum Occurrences	1
Reason Required	To identify source of record; used by HESA and all Statutory Customers to identify institutions.
Notes	<p>A single register of learning providers is being developed as a part of the Managing Information Across Partners (MIAP) programme. In the long-term it is anticipated that the UKPRN will replace the plethora of institution identifiers used by different organisations in the education sector.</p> <p>A software developers toolkit - to support the development of UKRLP web services - can be found by following the Software Development Kit link from http://schemas.lsc.gov.uk/.</p>
