

Default postcodes for the HESA DLHE return

Version 8

Date produced 2011-09-19

This list has been prepared to provide higher education providers (HEPs) with default postcodes that can be used when a precise postcode is not known. Please be aware that this list is not exhaustive as it does not contain all valid outward postcodes. For ease of reference the list is categorised into five geographic regions:

Group 1 - England (excluding London)

Group 2 - London area

Group 3 - Wales

Group 4 - Scotland

Group 5 - Northern Ireland

Note:

In the table below, some post towns have more than one corresponding Area/Unitary Authority (e.g. Bristol is the Post Town for City of Bristol, South Gloucestershire, North Somerset and Bath and North East Somerset. This occurs because a BS postcode falls within four different Area/Unitary Authorities. If this Area/Unitary Authority is known please use the matching default code (i.e. for North Somerset use BS20), otherwise use the default code from the top row of the Post Town group (i.e. BS1).
