

Outputs from 2020/21 collection

Data from 2020/21 can be accessed for research purposes via a successful application to UKMED. Please see the [UKMED website](#) for more details.

Details of the tables included in UKMED based on this collection can be found in the [UKMED data dictionary](#). The relevant tables are HESA_UG_ASSESSMENT and CR_HESA_ASSESSMENT.

The ASSESSMENT table for the 2020/21 collection can be downloaded from the UKMED website here [URL not yet available].

The General Medical Council are developing a Tableau report based on this dataset that charts attainment against protected characteristics. This is currently a work in progress, further details can be obtained by contacting HESA_Collection@gmc-uk.org.

UKMED is a third party website, if you have any queries on the content of this page then please contact the GMC by email at HESA_Collection@gmc-uk.org.
