

74766 RETURNING FINANCIAL SUPPORT AGAINST STUDENT REGISTRATION AND STUDENT COURSE SESSION

DOCUMENT VERSION: 1.0

DATE OF PUBLICATION: 9 SEPTEMBER

Please note, this document is accurate at the time of writing, but may not include all future model changes being considered.

Background

In the current Data Futures model, a StudentFinancialSupport can be linked to either StudentRegistration or StudentCourseSession but not both. HESA and statutory customers would prefer to make the linking of this financial support data as simple as possible with the move to discrete collections.

Outcome

It has been agreed that the StudentFinancialSupport entity will now only be linked to the StudentCourseSession entity.
