

74808 IMPACTS OF A DISCRETE COLLECTION: DATA REQUIRED ON ENTRY

DOCUMENT VERSION: 1.0

DATE OF PUBLICATION: 9 SEPTEMBER

Please note, this document is accurate at the time of writing, but may not include all future model changes being considered.

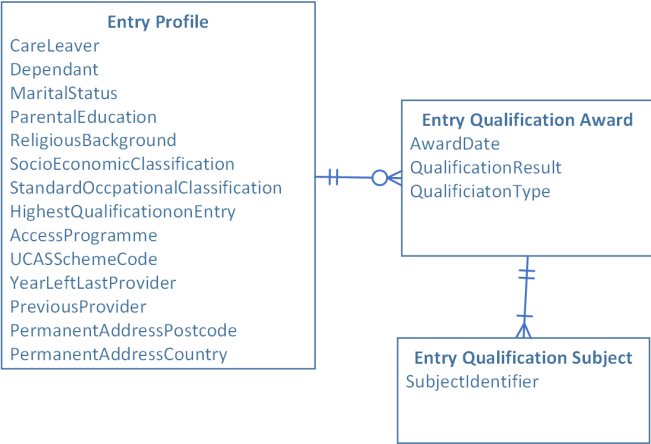

Background

'On entry' refers to fields that are required to be returned on entrance to an Engagement.

Outcome

It has been agreed that there will be an 'Entry data' entity created as a child of Engagement for all the data to be submitted about a student on entry to an engagement.

As-is	Notes
<p>The diagram illustrates the data model for student entry. The 'Student' entity is the central focus, with a primary key and relationships to 'Entry Qualification Award' and 'Entry Qualification Subject'. 'Engagement' is also linked to 'Student'. A list of attributes for the 'Student' entity includes: Language Proficiency, Person Identifier, CareLeaver, Carer, Dependant, Disability, Ethnicity, Gender Identity, Marital Status, National Identity, Nationality, Parental Education, Religion, Religious Background, Service Leaver, Sexual Orientation, SEC, and SOC. 'Contact purpose' and 'Person Address' are also shown as related entities.</p>	<p>a) The following fields are required on entry to a student's Engagement and are not required to be maintained:</p> <ul style="list-style-type: none"> • CareLeaver • Dependant (NI) • MaritalStatus • ReligiousBackground • ParentalEducation • SocioEconomicClassification • Standard Occupational Classification • EntryQualificationAward • HighestQualificationOnEntry • AccessProgramme • PreviousProvider • YearLeftLastProvider • UCASSchemeCode • Permanent Address <p>b) These fields should be updated throughout a Student's Engagement where applicable.</p> <ul style="list-style-type: none"> • Carer • Dependant (S) • Disability • Ethnicity • NationalIdentity • Nationality • Religion • SexualOrientation • GenderIdentity • ServiceLeaver
