Type of further study	Leavers entering further study	Abc	Note: leavers not in further study have been coded to Not applicable
Type of provider of further study	Leavers entering further study	Abc	Note: leavers not in further study have been coded to Not applicable
Provider alpha6	Provider	Abc	Can be used in combination with Provider name to sort Providers into traditional sort order
Provider country	Provider	Geo	Note: The Open University data has been designed to split across Provider country and therefore may appear more than once when analysed by this dimension
Provider name	Provider	Abc	
Provider region	Provider	Abc	Note: The Open University data has been designed to split across Provider region and therefore may appear more than once when analysed by this dimension
Provider short name	Provider	Abc	Short version of provider name, can be used within visualisations as an alternative to Provider name
Provider UKPRN	Provider	Abc	
Former 1994 Group filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
GuildHE filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
Million Plus filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
Post 92 filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
Pre 92 filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
Russell Group filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
UKADIA filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
University Alliance filter	Provider Group	Abc	Can be used to filter results by member providers or non member providers
JACS subject area	Subject	Abc	
JACS subject area v2	Subject; JACS v2	Abc	Can be used in combination with JACS principal subject v2 to analyse data for year 2011/12

Dimension	Folder	Data type	Notes
JACS principal subject v2	Subject; JACS v2	Abc	Applicable for year 2011/12
JACS subject area v3	Subject; JACS v3	Abc	Can be used in combination with JACS principal subject v3 to analyse data for years 2012/13 onwards
JACS principal subject v3	Subject; JACS v3	Abc	Applicable for years 2012/13 onwards
Academic Year		Abc	
Academic Year Start		#	Contains the first year of the 'Academic Year' dimension, to create a continuous date dimension for time series analysis
Activity		Abc	
Age at 31 July		Abc	
Classification of first degree		Abc	
Disability (basic)	Disability	Abc	
Disability (detailed)	Disability	Abc	
Employment basis where working is most important activity		Abc	
Employment filter		Abc	
Ethnicity (basic)	Ethnicity	Abc	Note: change implemented in 2014/15 to group non-UK domiciled students and other unknown into 'Unknown/not applicable' category - change made to all years
Ethnicity (detailed 6 way)	Ethnicity	Abc	Note: change implemented in 2014/15 to group non-UK domiciled students and other unknown into 'Unknown/not applicable' category - change made to all years
Ethnicity (detailed 12 way)	Ethnicity	Abc	Note: change implemented in 2014/15 to group non-UK domiciled students and other unknown into 'Unknown/not applicable' category - change made to all years
Further study filter		Abc	
Level of qualification obtained (basic)		Abc	
Level of qualification obtained (detailed)		Abc	
Mode of qualification		Abc
