

Graduate Outcomes survey is coming soon

Dear graduate,

I am writing to ask you to take part in the **Graduate Outcomes** survey when you receive the invitation from us in [month]. All graduates are eligible to take part in this vital piece of research which aims to capture your current activities and perspectives.

Share your experience to influence the future of higher education

The survey asks about your experience of higher education and what you are doing now, 15 months post-graduation. It includes some subjective questions too, about how you feel about your current activities and general wellbeing. Read our **latest blog** which shares how previous survey responses tell us more about the link between work, money, and wellbeing.

Completing the survey

Please take part by clicking on the secure survey invitation link when you receive it in December. This link is unique to you.

We'd really appreciate you filling in the survey online as soon as possible. That way we won't need to send you any reminders or contact you via SMS and phone call.

It should take **less than 10 minutes**.

Your information will be kept confidential

The UK funding and regulatory bodies require **HESA (Higher Education Statistics Agency Ltd)**, part of Jisc, and higher education providers to work together to deliver the Graduate Outcomes survey.

As part of this, [PROVIDER] has supplied the contact details they hold for you for the sole purpose of conducting the survey.
